Registration in OCCaP portal is mandatory for students interested in securing job or internship using our portal.

Students who can take up the job by July/ August 2023 will be allowed to register for jobs at the OCCaP portal. Please note that OCCaP will not request an extension from employers for the date of joining.

ALL students seeking internships during season 2022 may register for internships during sign-up.

By signing in this form, the advisor agrees to relieve the student for a period of three months to visit industries for internships if the profile of the internship offered matches with the background of the student. By signing in this form, the student agrees to keep confidentiality of the research work while interacting with industries.

For detailed rules for interacting with OCCaP for jobs or internships, please visit OCCaP website.
